### NOTICES.

THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

### Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. All communications relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. Directions for the guidance of inventors and others are given in the Indian Patents and Designs Act, 1911 (price, 10 annas), and in the Indian Patents and Designs Rules, 1912 (price, 2 annas). These should be consulted before an application is made to

the Controller.

- 3. Advice. The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs nor their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. Applications for patents in countries other than India should be made to the patent offices in the countries concerned.
- 4. Fees are payable in cash and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. Trade and property marks and names are not registered and medicines are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration.

6. Printed Specifications of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the Gazette of India. ## NOTICES.

THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

# Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. All communications relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

- 2. Directions for the guidance of inventors and others are given in the Indian Patents and Designs Act, 1911 (price, 10 annas), and in the Indian Patents and Designs Rules, 1912 (price, 2 annas). These should be consulted before an application is made to the Controller.
- 3. Advice. The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs nor their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. Applications for patents in countries other than India should be made to the patent offices in the countries concerned.
- 4. Fees are payable in cash and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.
- 5. Trade and property marks and names are not registered and medicines are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration.
- 6. Printed Specifications of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the Gazette of India.
